Vehicle Dollie

■ ART No. 534903

■ ART No. 534904

DESCRIPTION

This dolly system is a mobile vehicle stand that conveniently frees your work bay and your hands.

A safer and cost efficient alternative to floor jacks, the vehicle dolly will increase productivity without breaking your budget.

Its sturdy ball bearing swivel casters allow you to place a disassembled drive train, chassis or body anywhere in the shop while it awaits parts.

Tires on or off, the vehicle dolly easily adapts to most makes and models.

Height and width adjustable.

Carry Carrying Trolley Workshop Transport Accident Damaged and Immobile Vehicles
